Commentary

The loss for the consolidated entity after providing for income tax amounted to \$1,339,595 (31 December 2015: \$1,612,844).

Genetic Signatures recorded revenue growth for the period ended 31 December 2016, with total sales revenue growth of 18% on the previous corresponding half.

During the half, the Company received the proceeds of the \$15m capital raising, strengthening its balance sheet and laying a strong foundation for future growth. With an estimated US\$2.1bn addressable global market in 2017, these funds are being directed to accelerate the Company's global expansion strategy, which will prioritise the United States and Europe.

In addition to growing our international client base, the Company will focus on furthering molecular diagnostic approvals for existing and new products in key global markets that will drive revenue further in other product categories along with shareholder value.

The Company is also focusing on accelerated validation and development of its current and new product range, including advancing research and development of five new diagnostic products.

Genetic Signatures' outlook remains focused on achieving strong revenue growth, progressing significant offshore opportunities and driving shareholder value. Collectively this supports the Company's long-term goal of continuing to target health conditions where faster and more accurate diagnosis plays a pivotal role in improving community health both in Australia and across the globe.

The Company received a Research and Development Tax Concession (grant income) of \$1,429,887 from the Australian Federal Government. Total cash receipts for the period including this grant and the capital raising were \$17,456,556.

At 31 December 2016, the company held \$16,008,374 in cash and equivalents.

About Genetic Signatures: Genetic Signatures is a specialist molecular diagnostics (MDx) company focused on the development and commercialisation of its proprietary platform technology, *3Base*[™]. Genetic Signatures designs and manufactures a suite of real-time Polymerase Chain Reaction (PCR) based products for the routine detection of infectious diseases under the *EasyScreen*[™] brand. Genetic Signatures' proprietary MDx *3Base*[™] platform technology provides high-volume hospital and pathology laboratories the ability to screen for a wide array of infectious pathogens, with a high degree of specificity, in a rapid throughput (time-to-result) environment. Genetic Signatures' current target markets are major hospital and pathology laboratories undertaking infectious disease screening.

Notes to the consolidated financial statements
31 December 2016

Note 1. Significant accounting policies

Basis of preparation of half-year report

These general purpose financial statements for the half-year reporting period ended 31 December 2016 have been prepared in accordance with Australian Accounting Standard AASB 134 'Interim Financial Reporting' and the Corporations Act 2001, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'.

These general purpose financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 30 June 2016 and any public announcements made by the company during the half year reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

The accounting policies adopted are consistent with those of the previous financial year and corresponding half year reporting period.

New, revised or amending Accounting Standards and Interpretations adopted

The consolidated entity has adopted all of the new, revised or amending Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

None of the new standards and amendments to standards that are mandatory for the first time for the financial year beginning 1 July 2016 affected any amounts recognised in the current period or any prior period financial statements and are not likely to affect future period financial statements.

Any new, revised or amending Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

Fair value

Due to their short term nature, the Directors considered the carrying amounts of cash, current receivables and current payables to approximate to their fair value.

INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of Genetic Signatures Limited

Report on the Half-Year Financial Report

We have reviewed the accompanying half-year financial report of Genetic Signatures Limited, which comprises the consolidated statement of financial position as at 31 December 2016, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the half-year ended on that date, notes comprising a statement of accounting policies and other explanatory information, and the directors' declaration of the consolidated entity comprising the company and the entities it controlled at the half-year's end or from time to time during the half-year.

Directors' Responsibility for the Half-Year Financial Report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the consolidated entity's financial position as at 31 December 2016 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of Genetic Signatures Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of Genetic Signatures Limited, would be in the same terms if given to the directors as at the time of this auditor's review report.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Genetic Signatures Limited is not in accordance with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the consolidated entity's financial position as at 31 December 2016 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and *Corporations Regulations 2001*.
